PROFESSIONAL EXPERIENCE

PCSS IT Graduate Assistant | Seton Hall University — PC Support Services *Aug 2026 – Present*
- Advanced from Asset Management Assistant to Graduate Assistant, taking on expanded responsibility for IT asset tracking, reporting, and process improvement across PC Support Services.
- Oversee 60+ student workers across all divisions of IT, ensuring IT functions run smoothly across the university.
- Use Python and SQL to query, clean, and analyze asset and service data, automating recurring reports and identifying trends in equipment lifecycle and utilization.
- Build financial models in Excel to forecast hardware replacement cycles and support budget allocation and procurement planning.
- Apply MBA business analytics coursework to develop dashboards and data-driven recommendations for senior leadership, using JIRA to plan and track project milestones.

Asset Management Assistant | Seton Hall University — PC Support Services *Aug 2024 – Aug 2026*
- Managed and tracked a portfolio of technological assets, ensuring accuracy, compliance, and lifecycle accountability across enterprise systems.
- Coordinated and executed cross-functional audits and extensive asset inventory checks, identifying discrepancies and implementing corrective action to maintain data integrity.
- Leveraged JIRA and Microsoft Suite to plan, assign, and track project milestones, reducing audit turnaround time and improving team efficiency.
- Collaborated with senior leadership to interpret asset data and deliver reports that inform budget allocation and procurement decisions.
- Applied STATA for data analysis and trend identification, supporting departmental strategic planning initiatives.

Head Sacristan | Seton Hall University — Campus Ministry *May 2023 – May 2026*
- Lead, schedule, and mentor a team of 6 student workers, fostering accountability, collaboration, and professional development in a service-oriented setting.
- Manage operational budgeting and resource planning for the University Chapel, ensuring alignment with institutional priorities.
- Serve as primary point of contact for event logistics, demonstrating strong organizational and communication skills under time-sensitive conditions.

Golf Ranger | Bergen County Parks & Recreation *May 2024 – August 2025*
- Deliver high-quality customer service in a fast-paced, public-facing environment, consistently upholding professional standards and enhancing patron experience.
- Manage daily payment collection and budget reconciliation, ensuring accurate financial records and accountability for course revenue.
- Oversee reservation data management and pace-of-play coordination across a high-volume recreational facility.
